Shipment management features

- 
- The screenshot shows the ITC website's 'Importers & Exporters' section. The page features a header with the ITC logo and navigation links. Below the header, there is a search bar and a list of filters. The main content area displays a table of importers and exporters, with columns for 'Name', 'Address', and 'Contact Information'. The table lists several companies, including 'ABC Importers', 'XYZ Exporters', and 'PQR Traders'. The page also includes a sidebar with additional filters and a footer with contact information.
- | Name | Address | Contact Information |
|---------------|---------------------------------|-----------------------|
| ABC Importers | 123 Main St, New York, NY 10001 | Phone: (212) 555-1234 |
| XYZ Exporters | 456 Main St, New York, NY 10001 | Phone: (212) 555-5678 |
| PQR Traders | 789 Main St, New York, NY 10001 | Phone: (212) 555-9012 |

Reliability, to us, is more than a promise – it's a principle. We listen, think ahead, and guide processes with structure and care. This is how we build partnerships rooted in trust – and built to last.

Sea Freight Services

In partnership with leading global shipping companies, we offer highly versatile sea freight services that are fully integrated into the global network of our partners. Our success is built on extensive experience, strong partnerships, and a team of qualified consultants and handling staff.

Our Sea Freight Services include:

- Issuance of Bills of Lading (B / L)
- Worldwide distribution / trucking of LCL / FCL shipments
- Comprehensive warehouse logistics

Customs Service

We offer professional customs consulting and a full suite of digital customs services to ensure smooth international transactions.

Our Customs Services include:

- Electronic export declaration (AES)
- Digital customs clearance via ATLAS (Germany)
- Excise tax declarations and T1 document handling
- Neutralization of freight documents
- Remission/refund applications
- Translation of customs documentation
- EU customs clearance and fiscal representation

Cutting-edge Data Technology

Our data hub allows us to quickly establish connections between the various systems involved in the logistics process, ensuring 100% transparency for you, anytime and anywhere.

Examples include:

- Order and invoice data
- Inventories
- Shipment interfaces
- Deviations in the control process
- Various reports & shipment details

All available and relevant information can be made available for data exchange. We are also happy to generate automatic reports in your desired format (e-mail, Excel, etc.) and send them out regularly at a time you choose.

Webshop Services

Leverage online logistics as a key success factor for your business. We connect your web store to our merchandise management system and the associated transport systems. You will benefit from the fastest order processing available, including a CEP data-interface (courier and parcel).

Orders from the web store are sent to our ERP system and can be transferred directly to you via system interfaces. The orders are then picked, packed, and handed over for shipping. You have access to all relevant information at all times through our data hub, which we can also automatically send to you or your customers via e-mail.

Warehouse Space

With over 30,000 m² of storage space in Germany alone, ITC is equipped to handle major projects. By leveraging our existing infrastructure, we create synergies, seamlessly integrating logistics and transport services across a wide range of industries.

Our Logistics Services Include:
